# 1 Child Protection Policy

## 1.1 Introduction

Everyone who participates at Bardwell FC is entitled to do so in an enjoyable and safe environment. Bardwell FC have a moral and legal obligation to ensure that, when given responsibility for young people, coaches and volunteers provide them with the highest possible standard of care.

Bardwell FC is committed to devising and implementing policies so that everyone in sport accepts their responsibilities to safeguard children from harm and abuse. This means to follow procedures to protect children and report concerns about their welfare to the appropriate authorities.

The aim of the policy is to promote good practice, providing children and young people with appropriate safety/protection whilst in the care of Bardwell FC and to allow staff and volunteers to make informed and confident responses to specific child protection issues.

A child/young person is defined as a person under the age of 18 (Children's Act 1989)

## 1.2 Policy Statement

Bardwell FC is committed to the following:

- the welfare of the child is paramount
- all children, whatever their age, culture, ability, gender, language, racial origin, religious belief and/or sexual identity should be able to participate in playing football in a fun and safe environment
- taking all reasonable steps to protect children from harm, discrimination and degrading treatment and to respect their rights, wishes and feelings
- all suspicions and allegations of poor practice or abuse will be taken seriously and responded to swiftly and appropriately
- all Bardwell FC volunteers who work with children will be recruited with regard to their suitability for that responsibility, and will be provided with guidance and/or training in good practice and child protection procedures and will undertake the required CRB checks before commencing their duties
- working in partnership with parents and children for the protection of children

## 1.3 Monitor and review the policy and procedures

The implementation of procedures will be regularly monitored and reviewed. The Club Child Welfare Officer will regularly report progress, challenges, difficulties, achievements gaps and areas where changes are required to the management committee.

The policy will be reviewed every 3 years or whenever there is a major change in the organisation or in relevant legislation.

## **2 Promoting Good Practice**

### **2.1 Introduction**

To provide children with the best possible experience and opportunities in playing football everyone must operate within an accepted ethical framework such as The Bardwell FC Code of Conduct.

It is not always easy to distinguish poor practice from abuse. It is therefore NOT the responsibility of our volunteers or participants to make judgements about whether or not abuse is taking place. It is however our responsibility to identify poor practice and possible abuse and act if they have concerns about the welfare of the child, as explained in section 4.

### **2.2 Good Practice**

All volunteers and participants will adhere to the following principles and action:

- always work in an open environment (e.g. avoiding private or unobserved situations and encouraging open communication with no secrets)
- make the experience of playing football fun and enjoyable: promote fairness, confront and deal with bullying etc
- treat all young people equally and with respect and dignity
- always put the welfare of the young person first, before winning
- maintain a safe and appropriate distance with players (e.g. it is not appropriate for staff or volunteers to have an intimate relationship with a child or to share a room with them)
- Avoid unnecessary physical contact with young people. Where any form of manual/physical support is required it should be provided openly and with the consent of the young person. Physical contact can be appropriate so long as it is neither intrusive nor disturbing and the young person's consent has been given
- Involve parents/cares wherever possible, e.g. where young people need to be supervised in changing rooms, encourage parents to take responsibility for their own child. If groups have to be supervised in changing rooms always ensure parents, coaches etc work in pairs
- request written parental consent if club officials are required to transport young people in their cars
- gain written parental consent for any significant travel arrangements e.g. overnight stays
- ensure that if mixed teams are taken away, they should always be accompanied by a male and female member of staff
- ensure that at away events adults should not enter a young person's room or invite young people to their rooms

**Bardwell FC**  
Pingle Field  
Bicester  
Oxfordshire

info@bardwellfc.com  
www.bardwellfc.com

- be an excellent role model, this includes not smoking or drinking alcohol in the company of young people
- always give enthusiastic and constructive feedback rather than negative criticism
- recognise the developmental needs and capacity of the young person and not risk sacrificing welfare in a desire for club or personal achievements. This means avoiding excessive training or competition and not pushing them against their will
- secure written parental consent for the club to act "in loco parentis", to give permission for the administration of emergency first aid or other medical treatment if the need arises
- keep a written record of any injury that occurs, along with details of any treatment given

## 2.3 Poor Practice

The following are regarded as poor practice and will be avoided by all volunteers and participants:

- unnecessarily spending excessive amounts of time alone with young people away from others
- taking young people alone in a car on journeys, however short without securing the written permissions detailed in section 3.2
- taking young people to your home where they will be alone with you
- sharing a room with a young person
- engaging in rough, physical or sexually provocative games, including horseplay
- allow or engage in inappropriate touching of any form
- allowing young people to use inappropriate language unchallenged
- making sexually suggestive comments to a young person, even in fun
- reducing a young person to tears as a form of control
- allow allegations made by a young person to go unchallenged, unrecorded or not acted upon
- do things of a personal nature that the young person can do for themselves

When a case arises where it is impractical/impossible to avoid certain situation e.g. transporting a young person on your car, the tasks will only be carried out with the full understanding and consent of the parent/care and the young person involved.

## 3 Defining Child Abuse

### 3.1 Introduction

Child abuse is any form of physical, emotional or sexual mistreatment or lack of care that leads to injury or harm, it commonly occurs within a relationship of trust or responsibility and is an abuse of power or a breach of trust. Abuse can happen to a young person regardless of their age, gender, race or ability.

There are four main types of abuse: **physical abuse, sexual abuse, emotional abuse and neglect**. The abuser may be a family member, someone the young person encounters in residential care or in the community, including sports and leisure activities. Any individual may abuse or neglect a young person directly, or may be responsible for abuse because they fail to prevent another person harming the young person.

Abuse in all of its forms can affect a young person at any age. The effects can be so damaging that if not treated may follow the individual into adulthood

Young people with disabilities may be at increased risk of abuse through various factors such as stereotyping, prejudice, discrimination, isolation and a powerlessness to protect themselves or adequately communicate that abuse had occurred.

### 3.2 Types of Abuse

- **Physical Abuse:** where adults physically hurt or injure a young person e.g. hitting, shaking, throwing, poisoning, burning, biting, scalding, suffocating, drowning. Giving young people alcohol or inappropriate drugs would also constitute child abuse.

This category of abuse can also include when a parent/carer reports non-existent symptoms or illness deliberately causes ill health in a young person they are looking after. This is called Munchausen's syndrome by proxy.

In a sports situation, physical abuse may occur when the nature and intensity of training disregard the capacity of the child's immature and growing body

- **Emotional Abuse:** the persistent emotional ill treatment of a young person, likely to cause severe and lasting adverse effects on the child's emotional development. It may involve telling a young person they are useless, worthless, unloved, inadequate or valued in terms of only meeting the needs of another person. It may feature expectations of young people that are not appropriate to their age or development. It may cause a young person to be frightened or in danger by being constantly shouted at, threatened or taunted which may make the young person frightened or withdrawn.

Ill treatment of children, whatever form it takes, will always feature a degree of emotional abuse.

Emotional abuse in sport may occur when the young person is constant criticised, given negative feedback, expected to perform at levels that are above their capability. Other forms of emotional abuse could take the form of name calling and bullying.

**Bardwell FC**  
Pingle Field  
Bicester  
Oxfordshire

info@bardwellfc.com  
www.bardwellfc.com

- **Bullying** may come from another young person or an adult. Bullying is defined as deliberate hurtful behaviour, usually repeated over a period of time, where it is difficult for those bullied to defend themselves. There are three main types of bullying.

It may be physical (e.g. hitting, kicking, slapping), verbal (e.g. racist or homophobic remarks, name calling, graffiti, threats, abusive text messages), emotional (e.g. tormenting, ridiculing, humiliating, ignoring, isolating from the group), or sexual (e.g. unwanted physical contact or abusive comments).

In sport bullying may arise when a parent or coach pushes the young person too hard to succeed, or a rival athlete or official uses bullying behaviour.

- **Neglect** occurs when an adult fails to meet the young person's basic physical and/or psychological needs, to an extent that is likely to result in serious impairment of the child's health or development. For example, failing to provide adequate food, shelter and clothing, failing to protect from physical harm or danger, or failing to ensure access to appropriate medical care or treatment.

Refusal to give love, affection and attention can also be a form of neglect.

Neglect in sport could occur when a coach does not keep the young person safe, or exposing them to undue cold/heat or unnecessary risk of injury.

- **Sexual Abuse** occurs when adults (male and female) use children to meet their own sexual needs. This could include full sexual intercourse, masturbation, oral sex, anal intercourse and fondling. Showing young people pornography or talking to them in a sexually explicit manner are also forms of sexual abuse.

In sport, activities which might involve physical contact with young people could potentially create situations where sexual abuse may go unnoticed. Also the power of the coach over young athletes, if misused, may lead to abusive situations developing.

### 3.3 Indicators of Abuse

Even for those experienced in working with child abuse, it is not always easy to recognise a situation where abuse may occur or has already taken place. Most people are not experts in such recognition, but indications that a child is being abused may include one or more of the following:

- unexplained or suspicious injuries such as bruising, cuts or burns, particularly if situated on a part of the body not normally prone to such injuries
- an injury for which an explanation seems inconsistent
- the young person describes what appears to be an abusive act involving them
- another young person or adult expresses concern about the welfare of a young person
- unexplained changes in a young person's behaviour e.g. becoming very upset, quiet, withdrawn or displaying sudden outbursts of temper
- inappropriate sexual awareness

**Bardwell FC**  
Pingle Field  
Bicester  
Oxfordshire

info@bardwellfc.com  
www.bardwellfc.com

- engaging in sexually explicit behaviour
- distrust of adult's, particularly those whom a close relationship would normally be expected
- difficulty in making friends
- being prevented from socialising with others
- displaying variations in eating patterns including over eating or loss of appetite
- losing weight for no apparent reason
- becoming increasingly dirty or unkempt

Signs of bullying include:

- behavioural changes such as reduced concentration and/or becoming withdrawn, clingy, depressed, tearful, emotionally up and down, reluctance to go training or competitions
- an unexplained drop off in performance
- physical signs such as stomach aches, headaches, difficulty in sleeping, bed wetting, scratching and bruising, damaged clothes, bingeing e.g. on food, alcohol or cigarettes
- a shortage of money or frequents loss of possessions

It must be recognised that the above list is not exhaustive, but also that the presence of one or more of the indications is not proof that abuse is taking place. It is **NOT** the responsibility of those working in Bardwell FC to decide that child abuse is occurring. It **IS** however our responsibility to act on any concerns.

### **3.4 Use of Photographic/Filming Equipment at Sporting Events**

There is evidence that some people have used sporting events as an opportunity to take inappropriate photographs or film footage of young people. Bardwell FC will be vigilant and any concerns raised by players, parents or members of the public will be reported to the Club Child Welfare Officer.

All parents and performers should be made aware when coaches use video equipment as a coaching aid.

## 4 Responding to Suspicions and Allegations

### 4.1 Introduction

It is not the responsibility of anyone at Bardwell FC to decide whether or not child abuse has taken place. However there is a responsibility to act on any concerns through contact with the appropriate authorities so that they can then make inquiries and take necessary action to protect the young person. This applies **BOTH** to allegations/suspicions of abuse occurring within Bardwell FC and to allegations/suspicions that abuse is taking place elsewhere.

### 4.2 Receiving Evidence of Possible Abuse

Bardwell FC may become aware of possible abuse in various ways. We may see it happening, we may suspect it happening because of signs such as those listed in section 3 of this document, it may be reported to us by someone else or directly by the young person affected.

In the last of these cases, it is particularly important to respond appropriately. If a young person says or indicates that they are being abused, you should:

- **stay calm** so as not to frighten the young person
- **reassure** the child that they are not to blame and that it was right to tell
- **listen** to the child, showing that you are taking them seriously
- **keep questions to a minimum** so that there is a clear and accurate understanding of what has been said. The law is very strict and child abuse cases have been dismissed where it is felt that the child has been led or words and ideas have been suggested during questioning. Only ask questions to clarify
- **inform** the child that you have to inform other people about what they have told you. Tell the child this is to help stop the abuse continuing.
- **safety of the child** is paramount. If the child needs urgent medical attention call an ambulance, inform the doctors of the concern and ensure they are made aware that this is a child protection issue
- **record** all information
- **report** the incident to the club Child Welfare Officer

### 4.3 Recording Information

To ensure that information is as helpful as possible, a detailed record will be made at the time of the disclosure/concern.

Information will include the following:

- the child's name, age and date of birth
- the parent / guardians home address and telephone number
- whether or not the person making the report is expressing their concern or someone else's
- the nature of the allegation, including dates, times and any other relevant information

**Bardwell FC**  
Pingle Field  
Bicester  
Oxfordshire

info@bardwellfc.com  
www.bardwellfc.com

- a description of any visible bruising or injury, location, size etc. Also any indirect signs, such as behavioural changes
- details of witnesses to the incidents
- the child's account, if feasible, of what happened and how any bruising/injuries occurred
- have the parents been contacted? If so what has been said?
- has anyone else been consulted? If so record details
- has anyone been alleged to be the abuser? Record detail

#### **4.4 Reporting the Concern**

Bardwell FC expects its members and staff to discuss any concerns they may have about the welfare of a child immediately with the person in charge and subsequently to check that appropriate action has been taken.

If the club Child Welfare officer then the club Chairman, Vice Chair or any other committee officer should be contacted in that order. Contact details for all officers are available at the website [www.bardwellfc.com](http://www.bardwellfc.com).

As mentioned previously in this document, Bardwell FC are not child protection experts and it is the club's responsibility to determine whether or not abuse has taken place. All suspicions and allegations will be shared with professional agencies that are responsible for child protection.

Social services have a legal responsibility under The Children Act 1989 to investigate all child protection referrals by talking to the child and family (where appropriate), gathering information from other people who know the child and making inquiries jointly with the police.

Any suspicion that a child has been abused by a club volunteer or participant will be reported to the Child Welfare Officer who will take appropriate steps to ensure the safety of the child in question and any other child who may be at risk. This will include the following:

- Bardwell FC will refer the matter to social services department
- the parent/carer of the child will be contacted as soon as possible following advice from the social services department
- the chair person of Bardwell FC will be notified to decide who will deal with any media inquiries and implement any immediate disciplinary proceedings
- the Child Welfare Officer will notify the relevant sport governing body
- if the Child Welfare Officer is the subject of the suspicion/allegation the report will be made to the Club Chairman who will refer the matter to social services

Allegations of abuse are sometimes made sometime after the event. Where such allegation is made, you should follow the same procedures and have the matter reported to social services. This is because other children in the sport or outside it may be at risk from the alleged abuser. Anyone who has a previous conviction for offences related to abuse against children is automatically excluded from working with children.

**Bardwell FC**  
Pingle Field  
Bicester  
Oxfordshire

info@bardwellfc.com  
www.bardwellfc.com

#### **4.5 Concerns outside the immediate Sporting Environment (e.g. a parent or carer)**

- Concerns will be reported to the Child Welfare Officer
- If the Child Welfare Officer is not available, the person being told or discovering the abuse should contact their local social services department or the police immediately
- Social Services and the Child Welfare Officer will decide how to inform the parents/carers
- The Child Welfare Officer should also report the incident to the Bardwell FC Committee. The committee will ascertain whether or not the person/s involved in the incident play a role in the organisation and act accordingly
- Maintain confidentiality on a need to know basis

#### **4.6 Confidentiality**

Every effort should be made to ensure that confidentiality is maintained for all concerned. Information should be handled and disseminated on a need to know basis only. This includes the following people:

- The Child Welfare Officer
- The parents of the child
- The person making the allegation
- Social Services/police
- The alleged abuser (and parents if the alleged abuser is a child)

Seek social services advice on who should approach the alleged abuser.

All information should be stored in a secure place with limited access to designated people, in line with data protection laws.

#### **4.7 Internal Inquiries and Suspension**

- The Bardwell FC Child Welfare Officer will make an immediate decision about whether any individual accused of abuse should be temporarily suspended pending further police and social services inquiries
- Irrespective of the findings of the social services or police inquiries the Bardwell FC Disciplinary Committee will assess all individual cases to decide whether a volunteer or participant can be reinstated and how this can be sensitively handled. This may be a difficult decision; especially where there is insufficient evidence to uphold any action by the police. In such cases the Bardwell FC Disciplinary Committee will reach a decision based upon the available information which could suggest that on the balance of probability, it is more likely than not that the allegation is true. The welfare of the child will remain of paramount importance throughout.

www.bardwellfc.com

## **5 Selecting Personnel to work with Children**

### **5.1 Introduction**

All reasonable steps will be taken to prevent unsuitable people from working with children. This applies equally to volunteers and participants. To ensure unsuitable people are prevented from working with children the following steps will be taken when recruiting.

- All volunteers will be required to complete a CRB application form. The application form will elicit information about the applicants past, disclosure about any criminal record and suitability to work with children at the club.
- Evidence of identity (passport or driving licence with photo)

### **5.2 Training**

Bardwell FC's safeguarding process includes training to help volunteers to:

- Analyse their own practice against what is deemed good practice, and to ensure their practice is likely to protect them from false allegations
- Recognise their responsibilities and report any concerns about suspected poor practice and/or abuse
- Respond to concerns expressed by a child
- Work safely and effectively with children

Bardwell FC requires that:

- All staff and volunteers who have access to children to undergo a CRB check
- All employees, volunteers, coaches, welfare officers and team managers to undertake relevant child protection training / safeguarding children workshops provided by the regional FA.
